

LOCKING ROD WITH EYE

Ø10mm

Features

- Ø10mm diameter rod
- Locking rods with eyes are suitable for three-point locking cams without rod adaptors. The eye can be cut off if you would like to use them with rod adaptors, this will affect the length.
- Various lengths available
- High quality zinc plating

Materials & Dimensions

- Material: Mild steel
- Finish: Zinc plated

Remarks

- Tested to quality standard: Q/BB 305-2019
