

LOCKING BAR / ROD HANDLE - ACCESSORY KIT

Medium-Duty Drawer Slides (*Locking*)

125kg Load Rating

Locking Bar Accessory Handle Rod Kit: For medium-duty drawer and fridge slides. (*125kg load rated with external locking tabs*)

Features

- Allows smooth, single handed operation of drawers and slides
- Easy installation
- High rigidity design with enhanced stability
- Bar/rod lengths (mm) can be cut down and modified to suit drawers and slides of different widths

Dimensions, Materials & Finish

- **Tube dimensions:** 1,000mm/1 mtr. (L) x Ø12mm (OD)
- **Tube & lever tab finish:** Mild steel, black powder-coated
- **Fixing hardware:** Stainless steel with nylon bushings

Remarks

- **Suits:** Medium-duty locking (only) drawer slides (3053-###-L)
- **Please note when Installing:**
 - Blue molded locking tab cover on slides needs to be removed to allow fitment of lever set.
- **Comes with:** Lever sets (2x) with connection rod & fixing hardware
- **Perfect for:** Van & ute canopy drawers, fridge slides, slide out kitchens & pantries

Additional Notes

- **3053-###-L drawer slide range:** Features a lever disconnect
 - When disconnecting, the levers move in opposite directions to release (*be careful not to unintentionally disconnect during operation or ball bearings can become dislodged from runners*)
