

PADDLE HANDLE

Slam Latch with Deadlock

Features an Internal Handle

Features

- Industry standard handle design
- Available keyed in: 101
- Security rating: ANSI Grade 2
- Two independent key cylinders (*switch lock & deadlock*): Separate-key locking structure, improves anti-theft/pry performance.
- Internal & external opening: Locks can be operated from both inner and outer sides of the door for convenient access.
- Internal handle with locking knob: The handle can be opened from inside even if the door is locked from the outside.
- Flush mounted: Recessed panel structure (*for minimal protrusion*)

Materials & Finish

- **Handle:** Zinc alloy
- **Knob:** ABS
- **Insert & striker:** Zinc alloy, trivalent chromate zinc plated
- **Cover plate:** Nylon
- **Gasket:** Foam
- **Finishes:**
 - Black powder-coated
 - Chrome plated
- **Mounting accessories:** Galvanised steel

Remarks
